# About the Event

We're excited to invite you to the **3rd Annual Taste & Talent: A Fusion of Food and Art, on Thursday, September 24, 2026, from 6-8 p.m. at Bella Terra Estate in Cabot.**

Since its debut in 2024, Taste & Talent has grown into one of Cabot's premier community events, bringing people together for an unforgettable evening of food, art, and purpose.

This year, guests will enjoy tasting menus from some of the area's top restaurants and food vendors, signature cocktails and drinks, an exciting silent auction, beautiful artwork, and special art surprises throughout the evening.

More than a night out, Taste & Talent helps Building Bridges provide opportunities, resources, and support that empower children and adults with developmental disabilities to thrive.

Join us as we celebrate talent, strengthen connections, and build a more inclusive community.

# Sponsor Benefits

## Personal Impact

If you're the kind of organization or business that wants to invest in families in your community, then a partnership with Building Bridges is a great fit for you. Your sponsorship dollars fund a diverse range of services and make an impact on countless lives.

## Mission Driven

Your sponsorship allows us to provide critical disability services and support to our clients and families. You become a critical part of the BBDCS mission to help our clients gain independence and realize their dreams.

## Collaborative Success

When you partner with us, not only do you help our programs thrive, but your company also allows you to use your sponsorship as a marketing strategy. With over 300 attendees and expanded reach online, this is an opportunity to support our organization's long-standing brand in the community, increase marketing reach, build a positive image, and make a real difference.

# Why Your Support Matters

While Medicaid and insurance reimbursements are essential to the work we do at Building Bridges, they simply don't cover the full cost of providing high-quality, person-centered care.

As a result, there is a significant funding gap between what we receive and what is truly needed to provide the level of care our clients deserve. We must rely on donations, grants, and community partnerships to bridge the difference.

Without this additional support, we risk reducing program quality, limiting access, or turning away families who need us most. But with your support, we can continue breaking down barriers, opening doors, and ensuring that everyone has the chance to live a full and purposeful life.

# About Building Bridges

Building Bridges Developmental and Community Services is a passionate nonprofit that empowers individuals with **intellectual and developmental disabilities** to live meaningful, independent lives. Every day, we're inspired by the determination of our clients and the devotion of their families who walk this journey.

We help build bridges to independence by offering essential services—from **developmental preschool and therapy to job training and support services**. We don't just serve clients—we strengthen entire families and communities through care, connection, and advocacy.

Still, the road to independence isn't always smooth. Many families face challenges like limited access to services, long waitlists for support, and a lack of community understanding. **But we don't give up.**

## Our Impact

**470**

Total clients currently being served throughout our five main service areas.

**6**

Counties served in the area: Lonoke, Prairie, White, Faulkner, Arkansas, and Pulaski.

**43,000**

Miles driven between 26 buses and vans delivering clients to our centers each month.

**720**

Meals and snacks served through our kitchens in a year.

**285**

Employees working to serve our clients and families.

### Changing Futures with Early Intervention

Our developmental preschool and therapy services help young children build the foundational skills needed for lifelong learning.

### Opening Doors Through Employment

Through our Ready to Work and supported employment programs, adults with disabilities gain meaningful jobs, receive job coaching, and a sense of purpose through skills training.

### Developing Independence Through Community

Our CES Waiver program provides daily living support, respite for families, transportation, and enabling technology—allowing clients to live more independently while staying connected to their communities.

### Removing Barriers to Access

Our transportation program alone makes it possible for most of our clients to attend work, therapy, and social outings each week. We meet people where they are—and help them move forward. Center-based clients also receive breakfast, lunch, and snacks daily, decreasing food insecurity for this vulnerable population.

### Creating Local Jobs That Matter

Building Bridges employs over 285 staff members across multiple programs—including teachers, therapists, job coaches, direct support professionals, nurses, drivers, and administrative staff, who work with compassion and purpose. For over 50 years, we've invested in local talent, economic growth, and the kind of work that changes lives.
